The numbers in the upper left box are the mean and standard deviation of grades in your course. The numbers in the boxes separated by a comma are the mean and standard deviation of grades for the comparison group. The percentages show an estimate of the fraction of grades higher than the average grade in your course for the comparison group.

15. What were the particular strengths in the instruction of this course? Please give examples where appropriate.
    (If you need more space please attach further comments.)

    Teacher gave good explanations and focused on concepts.

16. Could the instruction of this course be made more effective? If so, how? (If you need more space please attach further comments.)

    Keeping the lecture materials and notes organized.
    Having more discussion and only one hour per week.
    Also giving written copies of the lecture notes would make it easier to take notes easier.

Section Three: Course Outcomes - This section asks you to rate outcomes which courses often have. Any given course will have some of these outcomes, and others will not be applicable (na).

6. Was this course required for your major?: Yes No
7. Was this course required for your minor?: No
8. What was your interest in this subject prior to taking this course?: A great deal
9. How many hours per week did you spend on this course outside class (average)? 4 hrs.
10. How many class meetings did you miss?: 2 meetings
11. What grade do you expect to receive (choose one only)? A B C D F GR NC

Section One: Student Participation - This section asks you to evaluate your own participation in this course.

1. Did you seek an individual conference with the instructor?: Yes No
2. If you answered yes to question 1 above, was the instructor accessible to students during posted office hours?: Yes No
3. I asked questions in class or contributed to class discussions: Never Always
4. I came to class prepared: Occasionally Always
5. I turned in assignments on time: Occasionally Always
6. I came to class on time: Occasionally Always
7. I had conversations with other students outside of class about topics discussed in this class: Occasionally Always
8. How would you evaluate your overall participation in this course? (If you need more space please attach further comments.)

Section Two: The Instructor - This section asks you to evaluate the instructor of this course.

1. The instructor communicated his/her goals for this course: Strongly disagree Strongly agree
2. The instructor fulfilled his/her goals for the course:
3. The instructor organized information in a logical and cohesive fashion:
4. The instructions for assignments and/or laboratories were made clear:
5. The instructor communicated criteria for grading exams and assignments:
6. The instructor provided helpful information regarding your performance on assigned work (e.g., as exams, papers, oral presentations and lab reports):

15. What were the particular strengths in the instruction of this course? Please give examples where appropriate.
(If you need more space please attach further comments.)

The teacher* had a solid understanding of the material but also taught it so that the student could understand. The flexibility to take time to answer any homework/labs related problems was very valuable.

16. Could the instruction of this course be made more effective? If so, how? (If you need more space please attach further comments.)

For example, there are still some kinks in the eWeb homework system. Problems with multiple parts where no partial credit is given are frustrating because you cannot tell which parts you are approaching correctly.
