## Week 4

Monday September 19 Class 7:

The Inverse Matrix $A^{-1}$ and Methods of Computing the Determinant of a Matrix.
Reading:
Williamson \& Trotter, (Chapter 2)
Homework \#3:
Williamson \& Trotter, page 86: 5, 8, 11, 26, 29 page 98: \# 1, 2, 3, 4, 21 Extra Credit page 99: \# 22, 40
QUIZ \#2 DUE

Wednesday September 21 Class 8:

Derivatives of a Vector Function of a Scalar variable
Reading:
Williamson \& Trotter, (Section 4.1)
Homework \#3:
Williamson \& Trotter, page 182: \# 2, 3, 9, 13, 14, 17

Visualizing functions of several independent variables: understanding surface plots, contour plots, level sets.

Reading:
Williamson \& Trotter, (Section 4.2)
Homework \#4:
Williamson \& Trotter, page 192: \# 1, 4, 9, 10, 18
QUIZ \#3
